PASSION  
DRIVEN  
PURPOSE

Welcome to Tidewater! Enjoy a sample of the incredible rigs we have crafted. Inside you will see a touch of the amazing boats we build. This catalog is just a taste of what Tidewater has to offer. Please see more at [Tidewaterboats.com](http://Tidewaterboats.com), where you will be able to enjoy many more pictures, and the experience of designing your personal Tidewater boat.

Our vision is to deliver precision quality and refined craftsmanship we all can afford. We want to design a boat that will deliver dreams. Boat building is our *passion*, which is why it's part of our *heritage*. Our team of designers and craftsmen is dedicated to building the boat of your dreams.

# HISTORY

LEAVING A  
LEGACY OF  
RICH HERITAGE

In 2006 Tidewater Boats began with a dream and desire to create the best value on the water. With decades of experience, marine craftsmanship, and knowledge, Tidewater has developed into one of the fastest growing, and most popular saltwater brands. Born in the Midlands of South Carolina where marine manufacturing is a staple of the local economy, Tidewater utilizes the best material and skilled labor to produce a boat worthy of proud ownership.

# PERFORMANCE

## CRAFTING QUALITY BEYOND COMPARE

A picture speaks a thousand words. One of the many advantages of owning a Tidewater is Performance. We not only define performance by speed and economy but by how comfortable, stable, and dry our boats are. Our speed and economy are noteworthy, but as you can see that is only just the beginning. Not every day can be perfect. Conditions are not always ideal. When they aren't, you can be assured that you will be as comfortable as possible in a Tidewater Boat. The Carolina Flair diverts the water off of and away from the bow. The dry chines direct water out from the boat and should any water get past those spots several spray relief points virtually eliminate the possibility of water coming in the cockpit. On those days Tidewaters still deliver a solid feel because everything is held together by the Corrugated Grid Stringer Vertebra.

### DRY CHINE RIDE

Tidewater boats are wider from chine to chine eliminating large bow rises and allowing the boats to perform with a variety of horsepower. The DCR also creates a more stable platform from side to side decreasing the rolling effect. The reverse angle also distributes the water off the hull out and away from the boat creating the "Dry Chine Ride".

### CAROLINA FLAIR

We pride ourselves on a classic unique style! Second to none in our market, Tidewater Boats embodies the distinctive Carolina Flair. This feature not only sets us apart in appearance but also truly accentuates comfort and performance by providing the driest ride in the industry.

### SPRAY RELIEF POINT

It is the point of impact on the hull deflecting water away from the boat. There are several SRP areas on a Tidewater that make it the driest boat on the market. This is why the flair is brought so far back towards the aft. While boating, the last thing you want is spray in your face. Our engineering ensures a comfortable, safe, reliable experience allowing you to focus on one thing...maximizing your enjoyment by keeping you dry!

### CORRUGATED GRID STRINGER VERTEBRA

Tidewater's exclusive Corrugated Grid Stringer Vertebra (CGSV) are individually engineered to provide strength, support, and integrity throughout the entire boat.

Unlike others, Tidewater has a specific CGSV for every model we manufacture ensuring all the components (such as fuel tanks, consoles, seats, and storage compartments) are supported. Not only does the foam filled CGSV deliver strength, they also reduce noise and vibration. The CGSV allow Tidewater boats to have longer running surfaces called EPH (easy plane hull). This feature allows quicker, lower plane speed and the most comfortable ride available.

Tidewater adds performance features such as composite construction, foam filled hulls, cored decks, water tight electrical connections, round blue livewells, double clamped stainless through hull fittings, and many more features. Along with our exclusive Life Plus warranty, it is clear that Tidewater is the best decision on the water today.

# CC ADVENTURE SERIES

320 | 280 | 252 | 232 | 220 | 210 | 198 | 180

The CC Adventure Series is designed with the fisherman in mind, offering a comfortable dry ride and the ability to add options to suit your boating needs. Whether you are looking for open water adventures or lazy days at the sandbar, the Adventure Series will exceed your expectations.

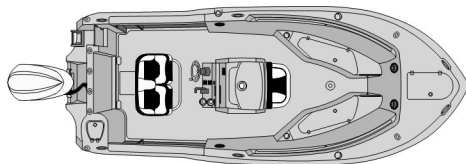

**DISTINCTION**  
LEGENDARY LIVING

### 320 CC ADVENTURE

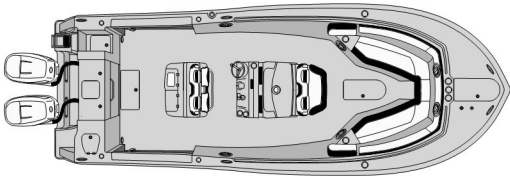

Length Overall	32' 2"	Useable Fuel	290 GAL
Beam	10' 4"	Deadrise at Transom	22°
Weight (No Motor)	8,200 LBS	Cockpit Depth (in)	27"
Max HP	700 HP	Midship Depth	35"
Approximate Draft	19"	Capacity (Person or Pounds)	12   2,200 LBS

### 232 CC ADVENTURE

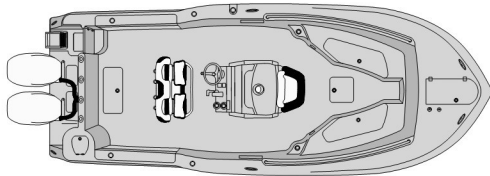

Length Overall	23' 8"	Useable Fuel	95 GAL
Beam	8' 10"	Deadrise at Transom	20°
Weight (No Motor)	3,200 LBS	Cockpit Depth (in)	26"
Max HP	300 HP	Midship Depth	30"
Approximate Draft	15"	Capacity (Person or Pounds)	10   1,500 LBS

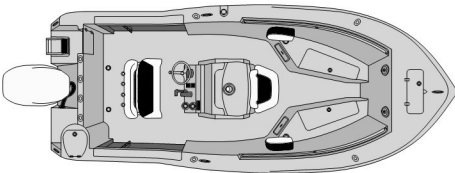

### 280 CC ADVENTURE

Length Overall	28' 4"	Useable Fuel	205 GAL
Beam	9' 10"	Deadrise at Transom	22°
Weight (No Motor)	5,800 LBS	Cockpit Depth (in)	27"
Max HP	600 HP	Midship Depth	33"
Approximate Draft	18"	Capacity (Person or Pounds)	12   2,200 LBS

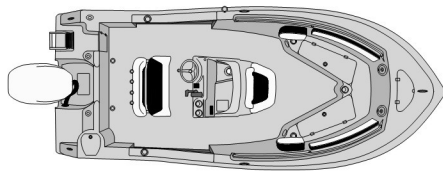

### 252 CC ADVENTURE

Length Overall	24' 8"	Useable Fuel	126 GAL
Beam	9' 3"	Deadrise at Transom	21°
Weight (No Motor)	4,150 LBS	Cockpit Depth (in)	27½"
Max HP	400 HP	Midship Depth	32"
Approximate Draft	16"	Capacity (Person or Pounds)	10   1,500 LBS

### 220 CC ADVENTURE

Length Overall	22' 2"	Useable Fuel	71 GAL
Beam	8' 10"	Deadrise at Transom	18°
Weight (No Motor)	2,700 LBS	Cockpit Depth (in)	25"
Max HP	250 HP	Midship Depth	27½"
Approximate Draft	14"	Capacity (Person or Pounds)	8   1,200 LBS

### 210 CC ADVENTURE

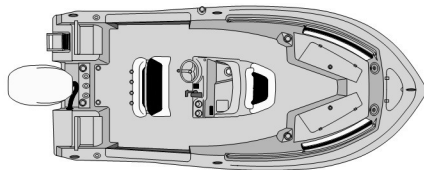

Length Overall	20' 10"	Useable Fuel	56 GAL
Beam	8' 6"	Deadrise at Transom	17°
Weight (No Motor)	2,300 LBS	Cockpit Depth (in)	23½"
Max HP	200 HP	Midship Depth	25"
Approximate Draft	13"	Capacity (Person or Pounds)	8   1,200 LBS

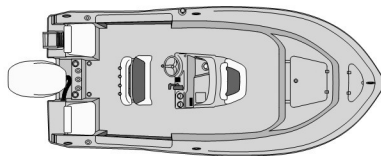

## DISTINCTION

LEGENDARY LIVING

### 198 CC ADVENTURE

Length Overall	19' 8"	Useable Fuel	56 GAL
Beam	8' 4"	Deadrise at Transom	17°
Weight (No Motor)	1,950 LBS	Cockpit Depth (in)	23"
Max HP	150 HP	Midship Depth	25½"
Approximate Draft	13"	Capacity (Persons or Pounds)	7   1,050 LBS

### 180 CC ADVENTURE

Length Overall	17' 8"	Useable Fuel	37 GAL
Beam	7' 9"	Deadrise at Transom	15°
Weight (No Motor)	1,650 LBS	Cockpit Depth (in)	20"
Max HP	115 HP	Midship Depth	25"
Approximate Draft	10"	Capacity (Persons or Pounds)	6   900 LBS

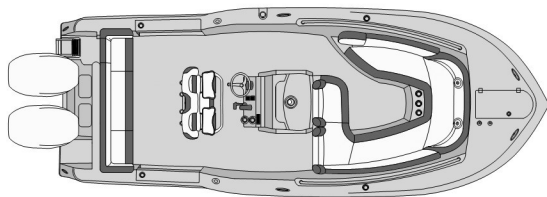

# LXF SERIES

252 | 232 | 220 | 210

Classic comfort and fishing features make the LXF Series a family favorite! Extraordinary seating and more standard features than can possibly be listed, you are sure to make memories of a lifetime. The Tidewater LXF Series combines family, friends, and fishing...a guaranteed good time for everyone!

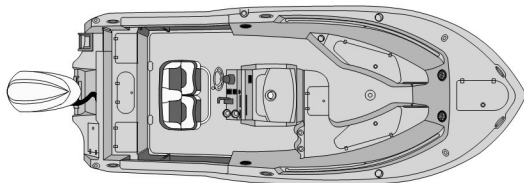

### 252 LX

Length Overall	24' 8"	Useable Fuel	126 GAL
Beam	9' 3"	Deadrise at Transom	21°
Weight (incl. Motor)	4,150 LBS	Cockpit Depth (in)	27 1/2"
Max HP	400 HP	Midship Depth	32"
Approximate Draft	16"	Capacity (Person or Pounds)	10   1,500 LBS

**LUXURY**  
LEGACY OF EXCELLENCE

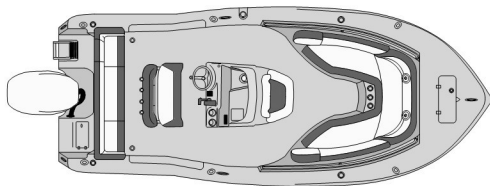

### 232 LX

Length Overall	23' 8"	Useable Fuel	95 GAL
Beam	8' 10"	Deadrise at Transom	20°
Weight (incl. Motor)	3,200 LBS	Cockpit Depth (in)	26"
Max HP	300 HP	Midship Depth	30"
Approximate Draft	15"	Capacity (Person or Pounds)	10   1,500 LBS

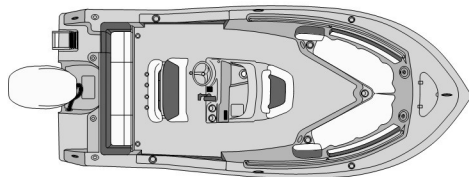

### 220 LXF

Length Overall	22' 2"	Useable Fuel	71 GAL.
Beam	8' 10"	Deadrise at Transom	18°
Weight (No Motor)	2,700 LBS	Cockpit Depth (in)	25"
Max HP	250 HP	Midship Depth	27½"
Approximate Draft	14"	Capacity (Person or Pounds)	8   1,200 LBS

### 210 LXF

Length Overall	20' 10"	Useable Fuel	56 GAL.
Beam	8' 6"	Deadrise at Transom	17°
Weight (No Motor)	2,300 LBS	Cockpit Depth (in)	23½"
Max HP	200 HP	Midship Depth	25"
Approximate Draft	13"	Capacity (Person or Pounds)	8   1,200 LBS

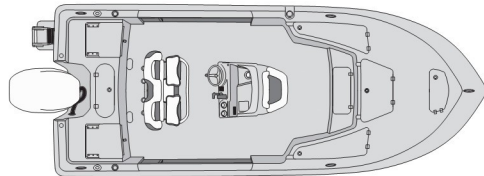

# BAY MAX SERIES

2410 | 2110 | 1910

Designed with the traditional bay boat features in mind, the Bay Max Series offers our classic bay boat style with shallow water fishing features. These bay boats offer dual casting decks, shallow water draft, and multiple livewell options. Many more features make this boat hard to beat for the shallow water angler.

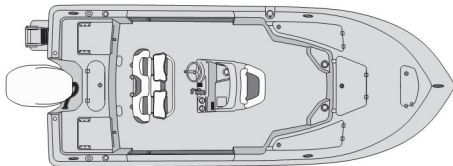

### 2410 BAY MAX

Length Overall	24' 4"	Useable Fuel	77 GAL
Beam	8' 8"	Deadrise at Transom	15°
Weight (No Motor)	2,700 LBS	Cockpit Depth (in)	20"
Max HP	300 HP	Midship Depth	20"
Approximate Draft	14"	Capacity (Person or Pounds)	10   1,500 LBS

### 2110 BAY MAX

Length Overall	21' 6"	Useable Fuel	56 GAL
Beam	8' 4"	Deadrise at Transom	15°
Weight (No Motor)	2,100 LBS	Cockpit Depth (in)	18"
Max HP	200 HP	Midship Depth	18"
Approximate Draft	10"	Capacity (Person or Pounds)	8   1,200 LBS

### 1910 BAY MAX

Length Overall	19' 2"	Useable Fuel	56 GAL
Beam	8' 4"	Deadrise at Transom	15°
Weight (No Motor)	1,850 LBS	Cockpit Depth (in)	18"
Max HP	150 HP	Midship Depth	18"
Approximate Draft	10"	Capacity (Person or Pounds)	7   1,050 LBS

# CAROLINA BAY SERIES

2700 | 2500 | 2200

Combining shallow water designs with center console features, we bring the best of both worlds in the Carolina Bay Series. This series incorporates a Carolina Flair hull design, along with sharp bow deadrise; you can have it all with these boats.

HERITAGE RUNS DEEP

#### 2700 CAROLINA BAY

Length Overall	27' 2"	Useable Fuel	141 GAL
Beam	9' 4"	Deadrise at Transom	15°
Weight (incl. Motor)	4,100 LBS	Cockpit Depth (in)	20 1/2"
Max HP	600 HP	Midship Depth	23"
Approximate Draft	18"	Capacity	10   1,500 lbs (Persons or Pounds)

### 2500 CAROLINA BAY

Length Overall	25' 2"	Useable Fuel	74 GAL
Beam	9' 2"	Deadrise at Transom	15°
Weight (No Motor)	3,550 LBS	Cockpit Depth (IN)	20"
Max HP	350 HP V-6	Midship Depth	20½"
Approximate Draft	16"	Capacity (Person or Pounds)	13   1,950 LBS

### 2200 CAROLINA BAY

Length Overall	22' 4"	Useable Fuel	56 GAL
Beam	8' 6"	Deadrise at Transom	15°
Weight (No Motor)	2,400 LBS	Cockpit Depth (IN)	18½"
Max HP	250 HP	Midship Depth	18¾"
Approximate Draft	9"	Capacity (Person or Pounds)	9   1,350 LBS

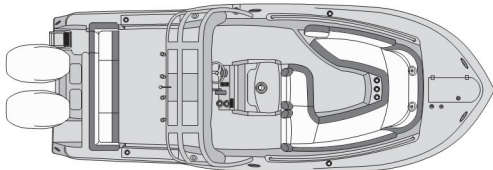

# SUV SERIES

252 | 232 | 220 | 210

The SUV series brings family boating, wakeboarding, skiing, and fishing to the center console seats. The SUV series has LXF amenities but features a Tidal Arch instead of a T-top. Enjoy more experiences on a Tidewater SUV.

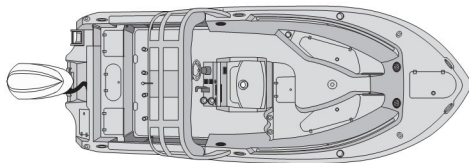

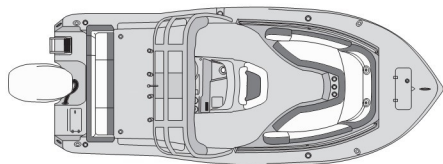

### 252 SUV

Length Overall	24' 8"	Useable Fuel	126 GAL
Beam	9' 3"	Deadrise at Transom	21°
Weight (No Motor)	4,150 LBS	Cockpit Depth (in)	27 1/2"
Max HP	400 HP	Midship Depth	32"
Approximate Draft	16"	Capacity (Person or Pounds)	10   1,500 LBS

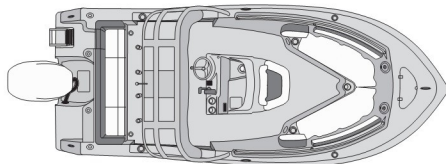

### 232 SUV

Length Overall	23' 8"	Useable Fuel	95 GAL
Beam	8' 10"	Deadrise at Transom	20°
Weight (No Motor)	3,200 LBS	Cockpit Depth (in)	26"
Max HP	300 HP	Midship Depth	30"
Approximate Draft	15"	Capacity (Person or Pounds)	10   1,500 LBS

### 220 SUV

Length Overall	22' 2"	Useable Fuel	71 GAL
Beam	8' 10"	Deadrise at Transom	18°
Weight (No Motor)	2,700 LBS	Cockpit Depth (in)	25"
Max HP	250 HP	Midship Depth	27 1/2"
Approximate Draft	14"	Capacity (Person or Pounds)	8   1,200 LBS

### 210 SUV

Length Overall	20' 10"	Useable Fuel	56 GAL
Beam	8' 6"	Deadrise at Transom	17°
Weight (No Motor)	2,300 LBS	Cockpit Depth (in)	23 1/2"
Max HP	200 HP	Midship Depth	25"
Approximate Draft	13"	Capacity (Person or Pounds)	8   1,200 LBS

# SEATING

QUALITY IS IN THE DESIGN

Tidewater knows it's all the little things that add up to make a big difference. We have included many improvements in the fine details. You won't have to look too closely to see we've incorporated luxury and refinement, which sets us apart when it comes to our interiors. We have upgraded the marine vinyl and hi-density foam to exceed competitors in appearance and feel. You can rely on the Tidewater brand to deliver quality, durability, low maintenance, and superiority in all we create.
